About Me

A motivated Computer Science student with a strong interest in software development and data analytics. Passionate about building efficient solutions, solving real-world problems, and continuously expanding technical skills. Eager to contribute and grow in a collaborative work environment.

Education

B.Tech in Computer Science and Engineering

Malla Reddy Engineering College for Women CGPA: 9.43

Intermediate

TSRJC (Girls), Medak 98%

School Education

MJPTBCWREIS School CGPA: 10.0

Internship Experience

Data Analytics Intern

Completed

VirtualWorks Lab

Technical Skills

Languages: Java, SQL

Database: MySQL

Data Analytics: Excel, Power BI, Data Cleaning, Data Visualization

Projects

Sales Data Analysis

Technologies Used: Excel, SQL

- Analyzed sales data to identify revenue trends and customer purchasing patterns using reports and dashboards.

Student Performance Analysis

Technologies Used: Python, Excel

- Performed statistical analysis on student data and visualized academic trends for better decision-making.

Federated Learning for Student Performance Prediction

Technologies Used: Python, Machine Learning, Federated Learning

- Developed a privacy-preserving prediction system using decentralized machine learning techniques.

Helmet Detection and Number Plate Recognition System

Technologies Used: Python, OpenCV, YOLO, OCR

- Designed a computer vision system to detect helmet violations and recognize vehicle number plates automatically.

Certifications

- Cisco Data Analytics Certification
- NPTEL – Programming in Java

Professional Skills

- Teamwork
- Multi-tasking
- Time Management
